

Grant Summary

Each year, the Winkler Community Foundation receives grant requests well beyond what we can grant out. There are many organizations in our community doing amazing things. We want to encourage all of the organizations that applied to continue doing the work they do for our community; making Winkler and area a better place to live, work and play in. Over \$248,000 was granted back into the community in 2019.

The Winkler Community Foundation's Community Endowment fund is the general fund in which community grant requests are supported; impacting local charities for local projects. The community foundation relies on gifts in the form of donations and bequests that help to grow the community foundation's endowment funds. These gifts are invested and the interest earned annually is granted back into our community. A gift to the Winkler Community Foundation truly is a gift that keeps on giving back to the community year after year.
